SSDIS01008 - INTRODUCTION TO CONSTRUCTION SKILL SET

If you're not currently at school and want to break into the building and construction industry, this 2-week hands-on course is the perfect way to begin your apprenticeship journey. This course will give you an introduction to working in construction, teaching you safety and accuracy in planning for, setting up and beginning a construction project. You will learn to use tools and equipment safely and the rules and procedures for safe work on site, plus you will work on a construction project, ready to add to your portfolio. This course is ideal as a start to a building and construction pathway, building the basic safety skills for wet trades, plumbing, carpentry and joinery.

Course information:

Duration: 2 weeks

Days: Monday – Friday

Times: 8:00 AM - 4:30 PM

Dates: Monday 13 to Friday 24 April 2026
Additional 2-hour pre-enrolment session the week prior.
